Welcome to Students

A warm welcome to all returning students and the new students joining the 1st year programs at this university. We hope you all had wonderful holiday season and spent quality time with your family, friends and loved ones. Feel free to reach out to the officers at the business office any assistance related to registration, payment of fees and respective dean and/or DVC Academic Affairs for academic matters. Now it is time for all of us to get back to class rooms for a productive and rewarding academic year.

Admissions Open for New Students

As you may already know that we fulfilled most of the requirements from TCU and got the restriction on admitting new students removed effective this academic year. Accordingly we are now in the process of admitting new students to all our 1st year programs. This year we are allowed to admit 180 students to MBBS, 60 to B.Sc. Nursing and 40 to B.Sc. MLT programs. In addition we offer post graduate degrees in M. Med (Internal Medicine, Pediatrics & Child Health, OBGY, and Surgery), MPH, and M.Sc. (Anatomy).

Also note that we may start 2nd year batches based on the number of students that may request transfer to our university.

New Students Orientation

The new student’s orientation is schedule for Monday, November 9, 2015 at 8.30AM in Lecture Hall 9. All new students are encouraged to attend this informative session. Members of IMTU administration, Deans and heads of departments will be on hand to provide valuable information about the university, academic programs and answer any questions.
Re-registration of Continuing Students

All students are hereby notified that the deadline for completion of Registration for the New Academic Year 2015/2016 is 20th of November 2015. Students who will fail to register themselves by this date are further given a grace period till the 4th of December 2015 with a fine of TSH 50,000/= for Tanzanian students and US $ 50/= for International students. A list of only registered students will be made and circulated to the faculty members concerned and also displayed in the notice boards after this date. Students are requested to meet the Dean of Students if you have any queries or you need help and assistance.

THERE WILL BE NO FURTHER EXTENSION OF THIS DEADLINE ALL UNREGISTERED STUDENTS WILL BE INELIGIBLE. THEY WILL NOT BE ALLOWED TO CONTINUE STUDIES, AND, MAY HAVE TO POSTPONE STUDIES.

Teaching Schedules

Deans of Faculty of medicine and Faculty of Nursing are almost done finalizing teaching schedules and ready to publish anytime now.

Students Attendance

It is important students should have minimum 80% attendance to obtain academic clearance for the semester to write final exams. Please don’t skip classes and build your attendance record.

Staff Update

Dr. Bala Sekharan, Ph.D. in Biotechnology joined the Faculty of medicine as HOD of Physiology Department. He has experience teaching both Physiology and Biochemistry. Let us give a warm IMTU welcome to Dr. Bala.

Contact Us

We look forward to communicating with you again each Friday. However, if you have any news items that you would like to publish in this newsletter please send them to Catherine Lameck at catherinelameck@yahoo.com before by 12.00 Noon Friday each week. Thank you.
